The screenshot shows the AWS S3 Management Console interface. At the top, there's a navigation bar with the AWS logo, 'Services' link, a search bar, and user information. A green banner at the top of the main content area states 'Successfully emptied bucket "yadgir"' with a checkmark icon and a link to 'View details below. If you want to delete this bucket, use the [delete bucket configuration](#).' Below this, the main heading is 'Empty bucket: status'. To the right of the heading are 'Cancel' and 'Exit' buttons. A light blue box contains an information icon and the text: 'The details below are no longer available after you navigate away from this page.' The 'Summary' section shows the source as 's3://yadgir' and the status as 'Successfully deleted' with a green checkmark icon, indicating '4 objects, 6.6 KB'. To the right, under 'Failed to delete', it shows '0 objects'. Below the 'Failed to delete' section, there's a search bar with the placeholder text 'Find objects by name' and a pagination control showing '1' of 1 items. The bottom of the screen shows the Windows taskbar with various application icons and the system tray displaying the date and time as '04-04-2022 18:17'.
